

HABC Level 1 Award in Fire Safety Awareness (QCF)

One Day Course

Introduction

HABC qualifications specifically cover areas that the Health and Safety Executive (HSE) consider important. All our regulated qualifications form part of the Qualifications Credit Framework (QCF). These qualifications are recognised by Ofqual (the regulator of qualifications, examinations and assessments in England), the Welsh Government and vocational qualifications in Northern Ireland. HABC qualifications have received recognition from ProSkills who develop the national standards for occupational health and safety

Qualification Overview

This qualification is aimed at all staff particularly new starters in any workplace where a basic understanding of fire safety is required. Learners gaining this qualification will know that fire safety is the responsibility of everyone in the workplace and will recognise the contribution they can make in preventing the start and spread of fires.

Accredited

The HABC Level 1 Award in Fire Safety Awareness (QCF) is accredited by Ofqual

Length of Course

This qualification is a one day classroom based course

Assessment

It is assessed by a 30 minute multiple-choice examination, where the candidate must answer at least 10 out of 15 questions correctly in order to pass.

Credit Value: 1

Certification:

We aim to have results confirmed and certificates issued to successful candidates within 7 working days of examination

Cost:

In-house contact us for competitive rates for up to 12 candidates

Open House please contact us for further information

Please note; Courses can be stand alone or part of a wider training program
